- **Languages:** Python
 - **Databases:** MySQL
 - **Frameworks:** Django
 - **Web:** HTML, CSS, JavaScript
- Tools:** VS Code, Windows
Version Control: Git, GitHub

SOFT SKILLS

- Teamwork (Cross-functional Teams)
- Good Communication Skills
- Adaptability
- Problem-solving
- Excellent verbal and written communication

EXPERIENCE

Web Development Intern — Raise Digital, Hyderabad Aug 2022 – Sep 2022

- Worked on an E-Commerce Website to enhance user experience through seamless product browsing and viewing.
- Utilized Visual Studio Code for development and project management tasks.
- Collaborated with cross-functional teams to define, design, and implement new features.

PROJECTS

Job Portal Web Application

Python, Django, MySQL, HTML, CSS, JavaScript

- Developed a platform for employers to post jobs and for seekers to apply with user authentication.
- Features: job listings, application management, profiles, filtering, notifications, and responsive design.

Face Liveness Detection System

Python, OpenCV, Numpy, Keras

- Built a real-time face recognition system integrated with liveness detection to prevent spoofing attacks.
- Used CNN-based machine learning to distinguish between real and fake face inputs.
